GREAT SAVING IN DRESSMAKING.

Mrs. Curtis' First Premium Models.

BY THEM A LADY CAN, IN A FEW minutes, shape any article of wearing apparel, including the GORED DRESS, BASQUINE, SACK, POSTILLION, ZOUAVE, GIRDLE, APRON, PANTALOONS, VEST, &c., to fit perfectly without trying on.

The system is Mathematically perfect, hence it removes all anxiety regarding the fit of a Dress. There will be no ALTERING—no TAKING UP or LETTING OUT, which not only injures the material but destroys the proportions and often ruins the Dress. It is not only exact, but so clear and simple that any person can learn in an hour to cut any garment.

How many ladies of limited means could dress better could they SAVE THE PRICE OF THE MAKING OF A DRESS, which they can do by the use of these MODELS; and how much useless anxiety would be saved by the wealthy and most fastidious were they certain that the dress being made would fit to please them. It WOULD if cut by this system

Is it not pleasant for mothers to be able to cut, without the least trouble to themselves, all the little Jackets, Pantaloons, Dresses, Aprons, etc., while the children are happy at school or at play

Ladies, just try to realise yourselves being able to cut, after a few hours' attention to this System, every style of GORED DRESS to fit perfectly without the aid of a pattern or of trying on, and every style of Basquine Cloak, Circular Cloak and all other Cloaks, and indeed every article of wearing apparel to fit every size, from the babe to the largest person, and the cutting to be a delight instead of a trouble. Realise this, and then see if you can get along without these Models.

☞ Applications for instruction, addressed to MRS. WATSON, and left at Mrs Hein's Millinery establishment, Government street, will receive prompt attention.

☞ Models supplied gratis to those taking instruction, and Fashionable Patterns sold separately if desired. Ladies waited on. m4 1m

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M's Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery.' To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Cholorodyne except in sealed bottles, having the words, "Dr. J. Collis Brownes' Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d. and 4s. 6d. ju24 1yw

SECURED BY

HOLLOWAY'S

nd Em
Impurities of the

In selecting the most appropriate medicine for a particular ailment, there may be some difficulty unless one can be found to purify, regulate, and improve the quality of the blood. These Pills possess and exert these three qualifications in an extraordinary degree. They enable the stomach to digest any ordinary food, increase the secretory powers of the liver, cleanse and purify the blood, expel all morbid matter, and throw into the circulation the purest elements for sustaining and repairing the frame.

Weakness and Debility.

How many persons suffer from debility without knowing the cause why they are feeble! In most cases the stomach is the aggressor. Holloway's Pills have long been famed for regulating a disordered stomach, restoring its healthy digestive tone; they are therefore confidently recommended as a never-failing remedy in all cases where the constitution, from any cause, has become impaired or weakened.

Diseases of the Head and Heart.

These formidable diseases are, unfortunately of frequent occurence; for the most part they creep on gradually, but may be prevented by proper precautions. Holloway's Pills are the surest perservatives against all derangements of the brain and are the speediest correctors of irregular circulation. If they be taken without delay when tingling in the limbs, drowsiness, or giddiness comes on, the effect will be marvelous.

Females of all Ages and Classes.

The fame of these Pills is partly based upon the beneficial effects they have upon the constitutions of females. From the domestic servant to the peeress, universal favour is accorded to them for their invigorating and purifying properties, which render them safe and invaluable in all disorders peculiar to the sex. Obstructions of every kind, either in young persons entering into womanhood or approaching the turn of life—the most critical period—may be radically removed by a recourse to these Pills.

All Disorders affecting the Liver, Stomach and Bowels.

Whenever the stomach, liver, or bowels are disordered by high living, climate, over-indulgence, undue exertion or other causes, these fine regulating Pills will soon rectify the evil, and speedily bring back energy, strength, and cheerfulness to the frame where previously all was lassitude, gloom, and dejection.

Despondency, Low Spirits.

The misery occasioned by a disordered digestion is unfortunately, felt by most. These famous Pills should be taken in appropriate doses, to adjust the disturbed functions. They dispel headache, billiousness, nausea, lowness of spirits, and all similar ailments. A course of these invaluable purifying Pills never fails in removing the cause of such morbid affections, without subjecting the sufferer to any inconvenience.

Influenza, Diptheria, Bronchitis, Coughs and Colds.

In our changeable climate, few persons escape without colds, sore throats, influenza, diptheria, or bronchitis, for all of which these famous corrective Pills may be taken with the certainty of effecting a cure. While the Pills are expelling all impurities from the body generally, Holloway's Ointment should be well rubbed upon the chest and throat; it will penetrate the skin, reduce inflamation, and restore lasting soundness.

Holloway's Pills are the best remedy known in the World for the following diseases:—

Ague
Asthma
Bilious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of the Bowels
Consumption
Debility
Dropsy
Dysentery
Erysipelas
Female Irregularities
Fever of all kinds

VAC is a mischievous propensity
A vag sitive. The inhabitants of a
ountry, or people who are dependent on such fleeting resources as the
elds, must be more philosophical, and view matters not as they are exaggerated by the feverish imagination but as they present themselves to the calm and dispassionate mind. Any one who takes the trouble to examine into all the facts which have reached us about Big Bend must come to the conclusion that a large and paying gold field exists along that portion of the Columbia river. He knows that the yield of gold during last autumn was unprecedentedly large to the hand—that every one who labored in the mines went back to them—and that the diggings as a general rule were inexpensive to work. On Carnes Creek, it is true, the sinking was not what might be termed shallow—holes having been sunk thirty-five feet without touching the bed-rock—but we had the testimony of men who worked on some of the other creeks, to the effect that the diggings as a whole are shallow. Late news, and indeed the letter from our own correspondent, asserts that the sinking is not so shallow, as was reported, on French and McCulloch creeks—that parties had got down thirty feet on the latter creek without reaching the bed-rock, and that holes had been sunk on French creek to the depth of fifteen feet with the same result. Both accounts may be, and no doubt are, perfectly correct. Any one who knows anything of mining knows that there is often shallow and deep sinking in the same creek, and when we consider how large a stream French creek is—our special correspondent went up several miles and found no perceptible difference in its size—we can easily understand the circumstance of the bed-rock being reached at one place in fifteen feet, and at another place in forty. But supposing, for the sake of argument, the sinking as a general rule to be deep, the short telegrams about men leaving for Cariboo are inexplicable. It is simply preposterous to fancy that persons can prospect a newly discovered mining region in a couple of weeks. Up to the 23d of April none of the new-comers had reached the bed-rock on French Creek—everything, so far as the present season is concerned, was a mystery, and yet in a fortnight after this time we hear of men leaving the place disheartened. If any one in Victoria gets disheartened likewise at hearing the tales of such pitiful prospectors, they are easily terrified. If a number of men, incapable of testing the mines, either through want of means, want of experience, or want of pluck, leave diggings, that have had the celebrity of Big Bend, in a couple of weeks, how can such a circumstance in any possible way affect the real character of the mines? If all the men at Big Bend were to leave to-morrow, the proof against its auriferous character would still be wanting; for the very simple reason that the diggings would have had no test. We cannot, under ordinary circumstances, expect any substantial evidence pro or con. for the next month; and even then the time will be too short to admit of a very decided opinion. Nothing has so far occurred to shake our belief, or the belief of any one who has given the subject a moment's consideration, in the richness and extent of the Big Bend country We have the same hopes now we had when the experience of those who worked on the mines last summer was brought down to us, and we cannot in the nature of things give up hopes so well grounded, because a few persons, who never stuck a pick in the ground, have, childlike, turned their backs on the country they went up with courageous intentions to prospect. It will require the whole season to give anything like a trial to Big Bend; in the meantime it is worse than folly to pay the slightest attention to the movements of amateur miners who expected no doubt to pluck the nuggets from the trees and shrubbery that fringe the banks of the Columbia river. Had the same ear been given to the ridiculous stories that were first circulated about Cariboo, we should not have had to day a single person on Williams Creek; nor would we have had the by no means insignificant sum of $170,000—the amount shipped by the California—to send away as the earnings of a few claims during the winter months. The most lucrative gold fields in both California and Australia would have been lost to the commerce of the world, had the puerilities of holiday miners been listened to. What developed these countries, and what made the name of Cariboo celebrated wherever a newspaper is read, was the unflinching determination of the hardy and vigorous miners—men who were not disheartened because they had to sink a few feet below the surface, and who were not frightened because they had little more water occasionally than they knew what to do with. It is only this class that will make anything out of Big Bend, and they will do it. They have gone to the diggings to give them a trial, and they will not return with their fingers in their mouths because they have seen a little snow. We are quite content to await their verdict, knowing as we do the truthfulness of the accounts brought down in November last. The season may be a little late, and some difficulties not anticipated may present themselves, but that Big Bend will turn out anything but a rich mining region, affording plenty of scope to the industrious and persistent miner, and raising the mineral reputation of British Columbia along the coast and throughout the globe, is what we cannot, with so many facts before our eyes, believe.

SWEET THINGS!

Tis sweet to hear the honest watch dog's bark
Bay deep-mouthed welcome as we draw near home;
'Tis sweet to know there is an eye will mark
Our coming and look brighter when we come.

'Tis sweet when Wylly's billet doux so nice,
Which makes you rich in land, comes to your door,
And fits you for a place in Parliament,
So unlike Heaven,—'tis closed against the poor

What if he adds one thousand, two, or more
Than what is just, you need not use such curses—
He's but complying with the general wish
In trying to develop our resources.

'Tis sweet to feel the prosp'rous miner's joy,
When seeking gold through distant lands he roves,
But sweeter far than this or all of these
Are DERHAM'S well-known splendid BULLY LOAVES.

FROM LEECH RIVER—Mr. J. G. McKay, of this city, has received a letter from a correspondent at Leech River informing him that at about 10 o'clock on the night of the 14th Mr. McKay's house, on Kennedy Flat, was set on fire by some person or persons, and burned to the ground. When the fire was discovered the building was in full blaze, and nothing could have saved it. The writer of the letter adds that he expects an influx of Chinamen to the mines. It had been raining heavily, causing all work to be suspended, and the mines had quite a deserted appearance although they have not really been half prospected. Some person in authority is required to preserve order. A special constable might answer, but the writer says there ought to be a local magistrate appointed either honorary or on a small salary, as there are a queer lot at the mines.

VACANCIES IN THE BRITISH PARLIAMENT—A vacancy has been caused in the representation of Wigan by the resignation of Major General Lindsay, the Conservative member, his military duties in Canada, where he is at present in command, rendering it impossible that he can discharge his duty to his constituents. Mr. Eckersley, a banker, has been nominated by the Conservatives, while the Liberals have decided to support Mr. Lancaster, the principal proprietor in the Wigan Coal and Iron Company. A vacancy has also occurred in the representation of Honiton, through the death, after a brief illness of four days, of Mr. F. Goldsmid, the only brother of Sir F. H. Goldsmid, M. P. for Reading. It is said that Mr. Julian Goldsmid will offer himself as a candidate.

THE MAIL STEAMER—In our telegraphic report of the 17th, published this morning, no mention is made of the departure of the mail steamer Sierra Nevada which was supposed to have cleared on the 16th. It is thought by some that the vessel said to have cleared was the bark Nevada as another private despatch dated the 16th, to which we alluded yesterday distinctly states that the mail steamer was not advertised. The 20th was the day mentioned for her departure when the California left.

IS IT TRUE—The *Journal des Villes et Campagne* states that an ancient Jewish house has been excavated in Syria, and, by its structure and interior arrangement, would seem to belong to the second century B.C. It is further said that seven books were found in it, viz., the Pentateuch, the Psalms, and a volume of Hebrew poems hitherto unknown. The treasure is supposed to be on its way to our Asiatic Society—*Eng. paper.*

THE COAL DISCOVERIES AT SOOKE—In our notice of the discoveries of coal made on Capt. Nagle's property at Sooke we omitted to mention that the three seams were accidentally found by a man named Bishop, who was in the employ of Capt. Nagle. The Douglas will leave for the spot at half-past six this morning and will take some practical men to examine the coal deposits. We look forward with anxiety for their report.

LARGE TREASURE SHIPMENT—The two city banks shipped by the steamer California for San Francisco about $170,000. This shipment is the largest that has been made for many months, and consisted for the most part of gold that had been accumulating at the Cariboo branches during the last few months.

☞MEDICAL NOTICE.—Professional visit of DR. JORDAN, Member of the Royal College of Surgeons, London, Doctor of Medicine, Edinburg, Demonstrator of Anatomy and Science, San Francisco. Dr. Jordan may be confidentially consulted on all cases of Nervous and Physical debility, and on the various disorders resulting from Sedentary habits, Excess, Accident, or Climate, daily at his office, Birdcage walk, first Cottage on the east side after crossing James Bay Bridge, Victoria, V. Where a secret infirmity exists, involving the happiness of a life, and that of others, reason and morality dictate the necessity of its removal, for it is a fact that premature decline of the vigor of manhood, matrimonial unhappiness, compulsory single life, local and physical debility, etc., have their source in causes, the germ of which is caused in early life, and the bitter fruit tasted long afterward. SPECIAL TO THE BRITISH COLONIST.

BRITISH COLUMBIA.

CACHE CREEK, May 18th.—A good number of miners are on the way back from Big Bend. They give an unfavorable account, and say that there can be no mining done there for nearly two months.

HOPE, May 18th.—Another large gang of Chinamen started for the Similkameen mines to-day. From a person who knows these mines well, we learn that on the Similkameen, exists a false bed-rock, as in many places in the mines of California. A layer of gravel underlies this false bed-rock, and in California the richest diggings have been found in similar places. Our informant thinks the chinamen have cut through this bed-rock, and found rich gravel below it. This would account for such numbers of them going over there. The Similkameen trail is to be opened immediately, and Mr. Allison left here this morning to make the necessary preparations for the work. The weather has been very unpleasant for some days, and the river is still rising; it has reached 14 feet above low water mark.

EASTERN NEWS.

WASHINGTON, 16.—In the Senate the proceedings are important. Fessenden of Maine did not call up the House resolution proposing amendments to the Constitution, but Stevens of Nevada gave notice that he would move to amend the first resolution, so as to define the word citizens, without this he said the Constitution of both first and second sections would depend upon the party in power. He should also propose striking out the second section, disfranchising rebels, and would offer the first section as a substitute for several bills reported by committee, he would then make the bill excluding rebels from office the second section of this substitute and in addition require each State to consent thereto, and authorize by amendments to their Constitution universal suffrage. This being done by any State, such State should be admitted without waiting the action of other States.

Wilson of Massachusetts introduced a bill to fix the military peace establishment of the United States, which was referred to the Military Committee, it provides that the army shall consist of five regiments Artillery six Cavalry regiments now in force, the companies to consist of 64 privates as the minimum, the men to be enlisted for five years.

In the House Washburne of Illinois reported from the Committee on Commerce a bill to further provide for the safety of passengers on steamers; he stated that it contained a section to prevent the transportation of nitro-glycerine; also one to modify the construction given by law, in reference to crude petroleum or coal oil; that construction he said prevented the shipment of the article and interfered very much with commerce, the bill was read a third time and passed.

EUROPEAN.

NEW YORK, May 16th.—Steamer Jura brings European advices to May 6th. Consols closed Saturday 86⅞@87 for money. 6 20's 67¼@68½; Paris Bourse closed 27 2 3; bank of Frankfort has advanced its rate of discount to 6 per cent.

Prussia has declared to the Diet, that warlike preparations on her part, are entirely on the defensive. The Austrian reply to the last Prussian note, was conciliatory, but she declines to disarm under present circumstances. Warlike preparations in Venetia were being pressed forward earnestly. A popular demonstration had taken place at Padua, where great excitement prevails. It is rumored that Venetia will be placed in a state of seige.

PARIS May 5th.—The *Memorial Diplomatique* denies that France made an energetic remonstrance at Venetia, relative to Austria's armaments in Venetia, and says the despatch sent to Venetia on the subject, requested confidential explanations respecting the object of Austrian preparations. The Austrian Government replied, protesting that it would maintain strictly a defensive attitude. France accepted the explanation, and the result was a mutual understanding, according to which, Austria undertakes, should Italy attack Venetia, independent of France, not to secure for herself any of the results of victory, without the diplomatic intervention of France. It is asserted that the object of Austria, in menacing Prussia and Italy, is to force England to assent to the convention of a European Congress.

CALIFORNIA.

SAN FRANCISCO, May 17th.—During the first four months of 1855, arrivals from the east by Panama and San Juan routes were 5843 persons, against 7079 for the same period this year, showing a gain of nearly 1900. A large number of these are returned Californians, who not finding matters at the East prosperous, have returned. Arrivals this month compared with first half of May, 1865, shows a proportionately still greater increase, 1214 passengers having arrived by two steamers this year, against 774 last year.

The steamer Moses Taylor, is now due with a large number of passengers.

BENICIA, May 16.—A large and enthusiastic meeting of the Fenian Brotherhood took place here this evening. Colonel Walsh made a glorious speech. The Garfield guard turned out in full rank with a band of music, followed by an immense crowd from all parts of the country, bearing transparencies torches &c. [Tre-menduous!]

THE JEWS IN PERSIA—In consequence of the representations of the British Minister in Persia, the Shah has addressed an autograph letter to the Sipehsalar, in which he signifies to his Prime Minister that it has come to his knowledge that his Jewish subjects suffer from oppression, and that being contrary to his wishes, the Sipehsalar is strictly enjoined to see that the Jews are henceforward treated with justice and kindness.

DRINKING DISEASED MILK.—A strange incident in connection with the cattle plague took place at the house of a Staffordshire farmer. A cow which had been attacked with the prevailing plague apparently recovered, and the first milk which it gave was brought to the farmer's wife, who tasted it, and immediately experienced all the sensations of poisoning. Her illness lasted some days.

DEATH OF A FRENCH JUDGE FROM HYDROPHOBIA—A few days since M. Blondel, one of the Judges of the Tribunal of Arbois, France, died from hydrophobia. The unfortunate gentleman had been bitten two years ago by one of his dogs while out shooting.

POLICE COURT.—The postponed cases for arrears of liquor licenses came up in the Police Court yesterday and occupied considerable time. The Magistrate rated Mr. Bishop for occupying so much time in resisting payment and fined some of the parties $10 and others $5 and costs.

INDIAN ROW AT SWINOMISH—The Indians stationed at Swinomish, in Washington Territory, have had a disturbance among themselves. The war-whoop was sounded, and about 150 Indians flew to arms. One of their number was shot.

FOR NANAIMO.—The steamer Emily Harris, Captain Frain, will sail for the above port to-day at noon.

FOR NEW WESTMINSTER—The steamer Enterprise left yesterday forenoon for New Westminster with passengers and freight. She took away another batch of Big Benders who were nothing discouraged by the recent questionable reports from the mines.

AUCTION—Messrs. Daniel Scott & Co. will sell to-day at their rooms, Fort street, horses, saddles, wagons, ploughs, gentlemen's clothing, blankets, carpets, &c.

CAPTAIN STAMP, the member elect for Esquimalt Town in the room of J. J. Southgate, Esq., was sworn in yesterday and took his seat.

QUEEN'S BIRTHDAY BALL.—There will be a ball at the Park Hotel, Beacon Hill, on the evening of Her Majesty's birthday.

THE Gunboat Forward returned from British Columbia yesterday, having replaced the buoys.

SAILED.—The Russian Ship Cesarewitch, sailed from Esquimalt yesterday morning.

CRICKET.—Cricketers will meet for practice on Beacon Hill to-day.

LEGISLATIVE COUNCIL.

FRIDAY, May 18.

Council met at 2:20 p.m. Present—The Hons. Colonial Secretary (presiding); Attorney General, Treasurer, Donald Fraser, R. Finlayson.

HOMESTEAD BILL.

Council went into committee on this bill, the Hon. Treasurer in the chair.

Hon. Donald Fraser presented and read the following petition from the Chamber of Commerce:

To the Hon. the President and Members of the Legislative Council.

The humble petition of the Chamber of Commerce of Victoria, V.I., respectfully sheweth:

That it is the opinion of your petitioners that the passage of a properly devised Homestead Law, wherein the value of the property exempted from seizure would be limited to a moderate amount, say not exceeding the value of $2500, would be beneficial to the colony, tending, as they believe it would, to attract population to the country and retain it while here.

Your petitioners, therefore, pray that your honorable body may be pleased to pass a Homestead Law, so framed that whilst protecting the interests of families, for which it is intended, it would at the same time guard the public against fraud.

(Signed,) JAMES LOWE,
President.
A. F. MAIN,
Secretary.

Victoria, V.I., 8th March, 1866.

The Hon. Donald Fraser introduced a series of amendments, constituting a new bill, which he had prepared with the assistance of the Hon. Attorney General. He said the Assembly's bill was a copy of a California bill that had been amended several times.

The Hon. Colonial Secretary said as these amendments constituted in point of fact a separate bill, it would have to pass through the several stages, whereas the other bill had been read a second time and committed.

It was agreed that the amendment should be taken up as a new bill in order to consider it, and clause I. of the original bill was substituted by the first clause of the new bill.

The principle features in which this bill differs from the old one is in respect to the amount reserved, which the mover proposed should be reduced from $2,500 to $2,000, and in respect to registration and declarations of solvency being made prior to such registration.

After some discussion the Committee rose and reported progress, and the Council adjourned until Tuesday next at 2 p.m.

HOUSE OF ASSEMBLY.

FRIDAY, May 18th.

Speaker took his seat at 3:20. Present—Messrs. DeCosmos, Trimble, M'Clure, Ash, Young, Powell.

NEW MEMBER.

Captain Stamp, member elect for Esquimalt Town, was introduced by Mr. Young, and having taken the oaths, was directed to a seat at the table on the right hand side of the Speaker.

LIQUOR LICENSE AMENDMENT BILL.

Communication from the Legislative Council sending down this bill with amendments, received and read.

RECIPROCITY.

The following message was received from His Excellency the Governor.

VANCOUVER ISLAND.
Government House, Victoria 14th May, 1866.

To the Honorable the Speaker and the members of the Legislative Assembly.

GENTLEMEN,—I have the honor to enclose for the information of the Assembly a copy of a despatch from Her Majesty's Secretary of State for the Colonies, in reply to the resolution of the Assembly passed on the 8th January, 1866, relative to reciprocity with the United States of America.

I have the honor, &c.,
(Signed) A. E. KENNEDY,
Governor.

MR. CARDWELL'S REPLY.

DOWNING STREET,
16th March, 1866.

SIR,—I have the honor to acknowledge the receipt of your despatch No. 2, of the 9th January, enclosing a resolution passed by the Legislative Assembly of Vancouver Island praying that the colony may be allowed to share in the benefits of any commercial treaty concluded with the United States in favor of the British North American Provinces.

I have to request you to inform the Assembly that the Reciprocity Treaty with the United States has been brought to an end, and that no other treaty is at the present time in course of negotiation, but that this resolution will be borne in mind in case the subject should be revived.

I have, &c.,
(Signed) EDWARD CARDWELL.

COAL REPORTS.

A message was received and read from His Excellency the Governor transmitting a copy of "Reports on Coal" published by the authority of the Imperial Government.

DISTRICT COURTS BILL.

Some discussion arose on the amendments to this bill recommended by the Committee of the House that conferred with the Legislative Council on the subject. Messrs. De Cosmos and Trimble were opposed to the vesting of too much discretionary power in the Chief Justice in prohibiting persons from appearing in Inferior Courts.

The amendments were passed.

SPRING RIDGE WATER WORKS BILL.

House in Committee on this bill, Dr. Trimble in the chair.

After making several amendments in the body of the bill as well as in the schedule, the Committee rose and the bill was reported.

GOVERNMENT INDEBTEDNESS.

Dr. Dickson gave notice of motion to request His Excellency to furnish the House with information as to the amount to due the bank, the rate of interest, and the manner in which such loans had been negotiated.

The House then adjourned till Monday at 1 p.m.

A movement is on foot among the Presbyterians of the North of Ireland for increasing the stipend of their ministers, and a conference will immediately be held in Belfast on the subject.

EUROPEAN NEWS SUMMARY.

Mr. Tom Hohler, the English tenor, of whom much has been expected, will shortly make his appearance at the Royal Italian Opera in "I Puritani."

The Crown Prince of Denmark will, it is said, put off his proposed visit to the King of Greece, until after the marriage of the Princess Dagmar to the Czarewitch.

The hundredth representation of the "Africaine" took place on the 9th, at Paris. The bust of Meyerbeer was on this occasion crowned with laurels, and a cantata sung in his honor.

A satisfactory arrangement has been arrived at by the French and Italian Governments respecting the Papal debt. Italy assumes one-half the debt as it stood in 1860, and the interest thereon.

The inhabitants of Carnarvon meditate considerable improvements in their town. A central railway station and a new street are talked of, the latter involving an expenditure of £80,000.

In a speech delivered the other evening, Dr. Guthrie said that, in walking the streets of Edinburgh, he saw more drunken people in a day than he had seen in Italy in seven weeks.

The Bishop of Limerick is now lying at the University Club, Dublin, seriously ill. He was apparently quite well a few days ago, but a cold led to congestion of the lungs.

Last week Elspet Hay or Mowat, residing near Elgin, gave birth to four children—three boys and a girl. The girl died soon after, but the boys are all alive and doing well.

There died, on the 11th, at Invergordon, a woman named Margaret Munro, or Queen, a pauper, at the age of 112 years. She was a native of the parish of Kilmuir.

The Duke of Hamilton came of age on the 12th, on which occasion there were general rejoicings over the extensive territory of which he is the proprietor.

A society has been formed in Paris for the purpose of executing a totally new and complete translation of the Holy Scriptures. In order to insure impartiality the task will be confided to learned men of the Catholic, Protestant, and Jewish religions.

Paris is at present well supplied with fruit and vegetables from Algeria. Green peas, of the present year's growth, are plenty in all eating-houses. Strawberries are selling in the central market at from 1s. 6d. to 3s. 6d. the pot; asparagus from 8s. to 10s., 15s. to 21s, the bundle; green kidney beans at from 3s. to 12s. the pound weight; artichokes from 6s. to 10s. the hundred; cauliflowers from 6s. to 10s. the dozen; green peas from 6d. to 1s. the pound weight. Truffles, so dear two months since, have fallen to 7s. to the pound weight. These, of course, are the wholesale prices.

Some benevolent persons in Dublin have imitated the example so worthly set by Glasgow, by establishing a workman's dining-hall, where a comfortable meal of wholesome food can be procured by the artisan at a moderate price. It is situated at the North Wall, and is of such dimensions that from 1,500 to 2,000 persons can be accommodated during the day. A novel feature in the arrangements is that the attendants are ladies who give their services from a praiseworthy desire to help the institution until it becomes self-supporting.

There is to be a gigantic aquarium among the wonders of the Universal Exhibition. The front alone is to measure 100 feet; every sort of fish is to be collected therein for the amusement of the public, and even sharks, cod and porpoises are to exhibit their peculiar habits and customs in grottoes and caves, which are to be excavated in the floor of the building, and filled with sea-water.

In the last skirmish which took place between the papal brigands and the troops, the latter, being in ambuscade, inflicted a loss of two killed upon the former. One of the individuals thus shot was found to be a strapping peasant woman of about 30, armed and dressed like the male members of the band. She was subsequently recognized to be the wife of the chief, Cedrone, who is now inconsolable for his loss.

The Dramatic College have awarded to Mr. A. R. Slous, a member of the Stock Exchange, the late Mr. T. P. Cooke's prize of £100 for the best national drama. The title of Mr. Slous' drama is "True to the Core," and it is understood that it will soon be produced at one of the West End theatres.

At a court concert held the other evening at the Tuileries, the Emperor walked over to M. Allart to compliment him on his brilliant performance, and taking up the artist's violin, to the astonishment both of M. Allart and the persons near, began to finger the instrument with the touch of a master.

Fashion in Paris is becoming still more extravagant. The eccentricities of ladies of high life in matters of dress, are really beyond all description. Enough has already been said on this subject, but, with all you have heard, you will not be surprised to hear that ladies, not contented with wearing crinolines, the springs of which are made of pure gold and silver, have now taken a fancy to boots with heels plated with the same precious metals. These boots may actually be seen in the shop windows of some of our fashionable shoemakers.

THE BEAUTY OF CHILDREN.

A WORD TO MOTHERS.

There is no object in the world more pleasant to look upon than a beautiful child. Even the crustiest of old bachelors must acknowledge this in his heart, however disappointment may have soured his temper. Unfortunately, however, the freshness and natural bloom of childhood are often marred by disfiguring disorders. Sometimes we see youthful faces blemished with fiery circles, and looking as if disease had been at work upon them with a pair of compasses dipped in red ochre. Of course every mother recognises this description of RINGWORM, to which the still more disgusting cutaneous affection known as SCALD HEAD is next of kin. Probably nine-tenths of us have had a touch of these unpleasant eruptive complaints at one time or other, and most of us know that they are not only disfiguring, but excessively annoying and painful. We are aware too, that most of the nostrums recomended for them merly spread and aggravate inflammation, and that it frequently leads to confirmed disease of the skin. Under these circumstances, it is to be presumed that all parents who are not conversant with the wonderful properties of HOLLOWAY'S OINTMENT will be glad to learn, on good authority, that it is a quick and thorough remedy for RINGWORM and SCALD HEAD, as well as for other external diseases. The testimony which goes to establish the fact is incontrovertible, and every mother who wishes to see the faces of her darlings unclouded by erruptions, and their heads uncrusted with excrescent matter, is entitled to know it.

Professor HOLLOWAY has obtained such a reputation throughout the world for his external and internal remedies, that his name must, of course, be familiar to all our readers; but after all, there is no harm in giving point and force to general commendation by specifying certain diseases in which one knows that they have worked wonders. The effect of the Ointment in cases of RINGWORM and SCALD HEAD is but a specimen of its marvellous operation in all skin diseases; yet, we dare say, there are many who have used it for boils, bruises, blotches, &c., &c., who have scarcely thought of it with reference to these two scourges of childhood. If any mother should try it on our recommendation, we have little doubt she will give it a permanent place in her nursery closet for some time to come. Much may be done to prevent the ordinary cutaneous diseases of children by proper diet, strict cleanliness, and regular exercise in the open air; but after the disorder has actually developed itself, there is no curative so reliable as HOLLOWAY'S OINTMENT.—*Albany Daily State Register.*

GABRIEL ON THE LOSS AND RESTORATION OF THE TEETH.—The above is issued by Messrs. GABRIEL, the eminent London dentists, and as it is written by men who have a high standing in their profestion, the work is well worthy the perusal of all who value the preservation of their teeth and wish to guard against the many and tormenting evils to which those useful members are subject. Many valuable hints are given throughout the book as to the various means of preserving the teeth and gums in a healthy condition, and of arresting in many cases permanently the progress of decay which may have already set in. The little work is evidently written by men of long experience in their profession, and who are thorough masters of their subject, and as such may be honestly recommended. Extract from the *Monas Herald,* January 2nd, 1864.—As may be seen by our advertising columns, Messrs. Gabriel supply Teeth on their patented system, irrespective of distance or climate.

THE TEETH.—A very comprehensive little treatise on the teeth has just been forwarded to us by the well-known dentists Messrs. GABRIEL. Adopting the language of the preface we may say that in this somewhat pretensious age, at a time when publications of this kind are numerous, a short, unassuming treatise emanating from a firm of long standing containing nothing but that which is immediately to the purpose, will not, we believe, prove unacceptable. The little work contains many valuable hints which will be found eminently useful for the alleviation of the miseries of toothache, until the more substantial aid of the professed dentist can be procured. Extract from "Cumberland Pacquet," 2nd January, 1864.—As may be seen by our advertising columns, Messrs. Gabriel supply artificial Teeth and Gums on their patented system, irrespective of distance or climate.

HOLLOWAY'S OINTMENT AND PILLS, a certain remedy for diseases of the skin—Ringworm, scurvy, scrofula, or king's evil, sore heads, and the most inveterate skin diseases to which the human race is subject, cannot be treated with a more safe and speedy remedy than Holloway's Ointment and Pills, which act so peculiarly on the constitution, and so purify the blood that those diseases are eradicated from the system, and a lasting cure is obtained. They are equally efficacious in the cure of tumours, burns, scalds, glandular swellings, ulcerous wounds, rheumatism, contracted and stiff joints. These medicines operate mildly and surely. The cure effected by them is not temporary or apparent only. but complete and permanent.

GREAT SAVING IN DRESSMAKING.

Mrs. Curtis' First Premium Models.

BY THEM A LADY CAN, IN A FEW minutes, shape any article of wearing apparel, including the GORED DRESS, BASQUINE, SACK, POSTILLION, ZOUAVE, GIRDLE, APRON, PANTALOONS, VEST, &c., to fit perfectly without trying on.

The System is Mathematically perfect, hence it removes all anxiety regarding the fit of a Dress. There will be no ALTERING—no TAKING UP or LETTING OUT, which not only injures the material but destroys the proportions and often ruins the Dress. It is not only exact, but so clear and simple that any person can learn in an hour to cut any garment.

How many ladies of limited means could dress better could they SAVE THE PRICE OF THE MAKING OF A DRESS, which they can do by the use of these MODELS; and how much useless anxiety would be saved by the wealthy and most fastidious were they certain that the dress being made would fit to please them. It WOULD if cut by this system.

Is it not pleasant for mothers to be able to cut, without the least trouble to themselves, all the little Jackets, Pantaloons, Dresses, Aprons, etc., while the children are happy at school or at play.

Ladies, just try to realise yourselves being able to cut, after a few hours' attention to this System, every style of GORED DRESS to fit perfectly without the aid of a pattern or of trying on, and every style of Basquine Cloak, Circular Cloak and all other Cloaks, and indeed every article of wearing apparel to fit every size, from the babe to the largest person, and the cutting to be a delight instead of a trouble. Realise this, and then see if you can get along without these Models.

☞ Applications for instruction, addressed to MRS. WATSON, and left at Mrs. Hein's Millinery establishment, Government street, will receive prompt attention.

☞ Models supplied gratis to those taking instruction, and Fashionable Patterns sold separately if desired. Ladies waited on. m4 1m

HOLLOWAY'S PILLS

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and enewing suspended secretions. Universally adopted as the one grand remedy for female complaints these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of diseases re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits and bring back the frame to its pristine health and vigor.

Billiousness, Loss of Appotite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague
Asthma
Billious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of Bowels
Consumption
Debility
Dropsy

GOLDEN GATE FLOURING MILLS
430 Pine Street,

SAN FRANCISCO, Feb. 16, 1866.

HAVING HEARD THAT AN INFERIOR grade of Flour has been re-packed and offered in the Victoria Market, branded

"GOLDEN GATE SUPERFINE FLOUR,"

We beg to call the attention of merchants and consumers to the subject. All the prominent business houses who deal in flour keep on hand our brands, and it is, therefore, for their interest to join us in tracing out this artifice, it it has really been perpetrated. We shall be very grateful to them, and all our patrons, for such aid as they may afford in discovering the facts in the matter.

BIG BEND
GOLD MINES,
British Columbia

The **Safest**, the **Shortest** and the **Cheapest Route** to those rich **Placer Mines** is by way of

Victoria, Vancouver Island.

Passengers going this way have not to cross the dangerous Columbia River Bar, and the distance is over **One-Third—or 279 Miles—Shorter by way of Victoria** than by way of Portland.

The Governments of Vancouver Island and British Columbia have subsidised the following powerful steamers to carry miners from San Francisco to Victoria and New Westminster direct:—

The Hudson Bay Co.'s Stmr. Labouchere, Capt. Mouat.

The Cal. S. N. Co.'s Stmr. Active, Capt. Thorn.

These, or other first-class steamers, will run on this route regularly, and will connect at Victoria with swift River steamers carrying passengers to Yale, a distance of 175 miles. From Yale to Savana Ferry, a distance of 133 miles, there is a splendid Government Wagon Road and Comfortable way side Houses every few miles; over this road travellers can easily walk, or they can ride in Barnard's Fast Four-horse Stages. From Savana Ferry the Hudson Bay Co.'s new and swift **Steamer Marten** will run to Ogden City, upper end of Shuswap Lake, a distance of 111 miles. From Ogden City to the Columbia River, a distance of 34 miles, there is an excellent Government Pack Trail.

Miners Going to the Rich Mines of
BRIDGE RIVER
—OR—
CARIBOO

can do so by the Government Wagon Road from Yale, over which it is easy to walk, or travellers can ride in fast Stages.

The Steamers running from San Francisco for the conveyance of passengers, by way of Victoria and the Fraser River, being under contract to the British Colonial Governments, the Rates of Fare charged are very low, and passengers are expeditiously, comfortably and cheaply conveyed from Victoria to the mines.

Miners going from San Francisco to the British Columbia Gold Mines will derive another great advantage by visiting the FREE PORT OF VICTORIA. In Victoria, Miners can supply themselves with every article they require, free of duty, and 25 to 50 per cent cheaper than they can buy similar goods in California or Oregon.

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands." *Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 1862

HOLLOWAY'S PILLS AND OINTMENT—Stomach and Kidneys. Between these two organs there exists a close and intimate relation which is demonstrated by the wasting which occurs in all diseases afflicting the kidneys. The disordered stomach is often the first index of renal irregularity. Holloway's remedies used at that juncture would cut short many a serious and fatal attack. They act with wonderful efficacy on every organ of secretion, but especially do they regulate the stomach, liver and kidneys, in restoring their healthy functions, and casting out any obstructions or impurities. It is necessary for the ointment to be well rubbed into the small of the back twice daily, when it is absorbed and greatly augments the purifying and salutary influence of the Pills.

HOLLOWAY'S OINTMENT.—Wounds, Scalds, Burns, and Irritating Sores.—The peculiarly mild, soothing, anti-inflammatory power exerted by this Ointment strongly recommends its use to all persons who have charge of children. Accidents will occur in the nursery in spite of the greatest caution and utmost vigilance. The scratch, the burn, or the scald, treated early with this Ointment, assumes no angry aspect, and never long tortures the little sufferer, whose very cry excites each bystander's compassion and pierces the parents heart Every nurse should consider this invaluable Ointment an essential to a well appointed nursery. The Ointment is applicable to any sore, whatever its character. It conducts to health as sure as the compass points to the north.

HOLLOWAY'S OINTMENT AND PILLS—Palpitation, Shortness of Breath, Dropsy.—This last named disease is often preceded by irregular action of the heart, and difficult respiration which symptoms are always severe, and ever go from bad to worse, unless proper means of cure be resorted to. In Holloway's unrivalled Ointment and Pills the dropsical patient will ever find succour; the present relief derived from the use of these remedies is marvellously quick, and perseverance in the steady application of this noble Ointment invariably results in a lasting and satisfactory cure. The two medicines act with such energy on the circulation and absorbent system that the dropsical fluid vanishes, and the sufferer finds all the oppressive symptoms daily decline, till natural health returns.

HOLLOWAY' OINTMENT AND PILLS.—Fistulas, Piles, Excoriations, and Strictures, are speedily relieved and ultimately removed by applying this Ointment after fomentation with warm water. Persons suffering from these scourges of the human frame should arrest their progress at once, for it is both insidious and rapid. Fistulas, if long allowed to go on unchecked, not only weaken the nervous system, but destroy life. The sooner these inestimable remedies are used the more certain is success; yet none should despair, hopeless cases have often yielded, and the sufferer has been saved a painful death. In excoriations, a few applicaions of this healing Ointment effect a cure, while the Pills, conjointly used, are especially beneficial in relaxing and removing strictures, whatever their situation or duration.

ARE THE BEST PURGATIVE PILLS.
ARE THE BEST PURGATIVE PILLS.
ARE THE BEST PURGATIVE PILLS.
NO STRAINING.
NO GRIPING.
NO TENESMUS.
NO PILES.
NO FALSE CALLS TO THE WATER CLOSET.

BUT A BRISK AND THOROUGH EVACUATION FROM THE BOWELS IS ALWAYS SECURED.

Newly Discovered Principles in Purgatives.

Dr. Radway's Pills are the best Purgative Pills in the world, and the only Vegetable Substitute for Calomel or Mercury ever discovered. They are composed of VEGETABLE EXTRACTS FROM ROOTS, HERBS, PLANTS, GUMS, SEEDS, FLOWERS, BARKS, FRUITS AND WEEDS, PREPARED IN VACUO.

One grain of the extract of the medicinal properties of Radway's Pills, possess a greater curative power over disease than a thousand of the crude and inert materials that enter into all other pills in use. These Pills are compounded of the active medicinal properties of the Roots, Herbs, Plants, Flowers, Gums, &c. of which they are composed. One dose will prove their superiority to all other pills They

Their Great Combinations.

They are Aperient, Tonic, Laxative, Alterative, Stimulant, Counter Irritant, Sudorific.

AS EVACUANTS,

They are more certain and thorough than the Drastic Pills of Aloes, or Croton or Harlem Oil, or Elaterium; and more soothing and healing than Senna, or Rhubarb, or Tamarinds, or Castor Oil.

IN SUDDEN ATTACKS OF

Inflammation of the Bowels or Stomach, Liver, Spleen, Pancreas or Kidneys, Bilious Cholic or Bilious Fever, Erysipelas or Congestive Fever, Small Pox, Measles, or Scarlet Fever,

SIX TO EIGHT OF DR. RADWAY'S REGULATING PILLS WILL PURGE THESE DISEASES FROM THE SYSTEM IN SIX HOURS.

One dose of Dr. Radway's Pills will cleanse the intestinal canal, and purge from the bowels all offending and retained humors, as thoroughly as lobelia or the best approved emetic will cleanse the stomach, without producing inflammation, irritation, weakness,

STRAINING,

or other unpleasant symptoms. There are no other purgative pills in the world that will secure this desideratum.

BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.

AS ALTERATIVES,

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

If afflicted with either of the above named diseases, "one to six" boxes of Dr. Radway's Pills will cure you. By taking a few doses of the common Drastic Pills—that gripe and pinch you when they operate—you may obtain temporary relief; but if you stop taking these imperfect pills for a week or a month, your old complaint returns Now, this is not the method of cure indicated by Dr. Radway's Pills. They make a perfect cure, and the patient will not require any more medicine.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS,

Are the results of Inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

RADWAY'S REGULATING PILLS.

THEY WILL PURGE THOROUGHLY AND LEAVE THE BOWELS REGULAR.

Persons afflicted with Piles, may rely on a positive cure by their use.

HOLLOWAY'S OINTMENT AND PILLS.—The family medical chest that is furnished with these powerful remedies needs nothing more. Indigestion, general debility, liver complaint, eruptions, sores, wounds, ulcers, tumours, &c., are infallibly cured by their use. They purify the blood and give tone and vigour to the whole system The Ointment, when well rubbed into the parts affected, enters the flesh just as salt enters meat, and if the Pills be taken as an auxiliary, the cure is speedy, thorough, and permanent. These medicaments are composed of rare balsams, without the admixture of a grain of mercury or any injurious substance. They are peculiarly mild and gentle in their action, and are as safe as they are efficacious.

HOLLOWAY'S PILLS AND OINTMENT.—Influenza, Colds.—In diseases of the throat and chest, so prevalent in this country, nothing so speedily relieves or so certainly cures as these inestimable remedies. These disorders are too often neglected at the commencement; or are injudiciously treated, resulting in either case, in disastrous consequences. Whatever the condition of the patient, Holloway's medicines will restore, if recovery be possible; they will retard the alarming symptoms till the blood is purified and Nature consummates the cure, gradually restoring strength and vital nervous power. By persevering in the use of Holloway's preparations, tone is conferred on the stomach and frame generally; the fluids are regenerated, morbific matter is expelled, and a happy revolution occurs throughout the system.

HOLLOWAY'S OINTMENT AND PILLS—These potent remedies constitute a *materia medica* in themselves, for there is no internal or external disorder controllable by medicine for which the one or the other of them is not a positive remedy—eruptions, tumors, scrofula, scurvy, cancer, asthma, rheumatism, gout, and dropsy entirely subside and disappear under the action of these joint medicines; and in cases of indigestion, sick headache, bile, liver complaints, debility, and other disorders originating in the internal organs, the Pills produce the most astonishing results imaginable. The student of Nature knows how simple are her ways; if one preparation can throw out all the impurities of the blood, disease is conquered and art is triumphant, because it adopted the simplicity of Nature.

HOLLOWAY'S OINTMENT AND PILLS—Acute Rheumatism. In all severe pains in the joints and muscles, after due fomentation with hot water, the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore the free circulation, and expel the disease. In these complaints, indeed, Holloway's Ointment and Pills are an infallible specific. The Ointment should be rubbed as near the part in pain as the patient can bear; it is absorbed and directly conveyed to the diseased textures, when, acting on nerves vessels, and guiders, it will arrest disease and again establish healthy action. The aperient and purifying qualities of the Pills have the happiest effect in assisting the Ointment.

HOLLOWAY'S PILLS.—General debility, low spirits, and nervous irritation, are the consequences of dyspepsia or indigestion. The Pills soon give tone to the stomach, renovate the digestive powers, purify the blood, and give strength to the whole system. Sluggishness of the body and depression of the mind are succeeded by a cheerful activity of the physical and mental functions. Indigestion is the parent of so many evils, and is so common, so universal a complaint, that it is a great blessing that such a remedy as this invaluable medicine should have been discovered. No one need long suffer from indigestion with these Pills at hand.
